18 EXCITING DAYS - SIX AMAZING PORTS-OF-CALL, *Plus* ANTARCTICA!

** Experience a truly unique cruise adventure from Buenos Aires to Cape Horn and through some of the most amazing areas of Antarctica!*

Buenos Aires: Enjoy the highlights of this fabulous South American city with one-night, 5-Star hotel and **two shore excursions included**, as a bonus for Brian Judd Tours passengers. On arrival we'll have a City Tour of Buenos Aires, including the "Pink House". After your cruise we enjoy a full-day Gaucho Fiesta tour at an Estancia, with lunch. You'll really enjoy these bonuses!

Ushuaia: No city on the planet has a more southerly latitude. As a result, the sun shines for 18 hours during each summer day, providing ample opportunity to view the mix of glaciers, forests, and sea, all framed by Mount Martial to the West & Mount Olivia to the East.

Cape Horn: Tierra del Fuego, Land of Fire, is the most isolated place in the Americas and Cape Horn is its southernmost point. These craggy cliffs and windswept shores are stark, rugged beauty personified, creating a dramatic setting for the collision between the Atlantic and Pacific Oceans.

Schollart Channel, Antarctica: You are certain to leave with amazing memories and pictures, as you cruise through Schollart Channel. Take in mesmerizing sights with impressive ice flows, humpback whales, waddling penguins, leopard seals and more, in their natural and somewhat extreme element.

Elephant Island, Antarctica: This tiny island in the Weddell Sea plays a role in one of seafaring history's most legendary exploits. When the brave crew of the Endurance, led by intrepid explorer Sir Ernest Shackleton, was trapped in the ice during a 1914 polar expedition, they took refuge on this island until help arrived.

Port Stanley: Commune with the roughly 2,000 intrepid souls who call this remote former whaling outpost home. As you hike through the rocky, windswept landscape you may observe a few of the island's flightless residents-including Magellan penguins burrowing underground and rockhoppers carefully observing you from outcroppings.

Puerto Madryn, Argentina: This deep-water port was founded in 1865 by Welsh immigrants. Extending out into the Atlantic from Puerto Madryn is the Península Valdés, a wildlife sanctuary where vast numbers of sea elephants, whales and penguins far outnumber the few human visitors who make it out this far.

Montevideo: Uruguay is cattle country, and although Montevideo is a thoroughly modern city with a rich artistic tradition, the reach of the rural estancias is all around you. If ever there were a time you were inclined to indulge, delicious steaks are the specialties of the house in virtually every restaurant.

*** Iguazu Falls - An optional five-day pre-cruise extension to Iguazu Falls will also be available.**
